

# New Year's Day

Pentatonix

Tonight, the apple falls in Time  
We'll sing along with Auld Lang Syne  
And throw confetti high up into space  
Tomorrow morning when we wake  
This town will be a different place  
And the past will wash away like coffee stains

We could be kings of the world  
On top of the nation  
It's so a celebration of the moments to come  
The city's on fire  
We're holding up lighters  
Raising them higher and we've only begun

Take me all the way  
Hear me when I say  
Let's kiss the past away  
Like New Year's Day  
Take me all the way  
Hear me when I say  
It's time to celebrate  
Like New Year's Day

We'll play it back in slow rewind  
And laugh about the cold and bitter nights  
We're light our way on maps of stars  
Hold on tight to fragile hearts  
And keep our friends forever by our side

We could be kings of the world  
On top of the nation  
It's so a celebration of the moments to come  
The city's on fire  
We're holding up lighters  
Raising them higher and we've only begun

Take me all the way  
Hear me when I say  
Let's kiss the past away  
Like New Year's Day  
Take me all the way  
Hear me when I say  
It's time to celebrate  
Like New Year's Day

Morning breaks, take my hand  
Wide awake with arms wide open  
Catch your breath, walk this way  
No regrets on New Year's Day  
Morning breaks, take my hand  
(Kings of the world, top of the nation)  
Wide awake with arms wide open  
(It's a celebration of the moments to come)  
Catch your breath, walk this way  
(City's on fire, holding up lighters)  
No regrets on New Year's Day  
(Raising them higher, we've only begun)

We could be kings of the world  
On top of the nation  
It's so a celebration of the moments to come  
The city's on fire  
We're holding up lighters  
Raising them higher and we've only begun

Take me all the way  
Hear me when I say  
Let's kiss the past away  
Like New Year's Day  
Take me all the way  
Hear me when I say  
It's time to celebrate  
Like New Year's Day

Take me all the way  
Hear me when I say  
Let's kiss the past away  
Like New Year's Day  
Take me all the way  
Hear me when I say  
It's time to celebrate  
Like New Year's Day
