

Send In The Horns

Pepper Rabbit

I won't fight I will not conquer
I won't try to impress your mother
I will not dine out late with father
We won't sip wine and talk to each other

I will not wait for you
I will not stay for you
I'm in the waiting pool

I won't drink from sweetest goblets
I won't break your sister's habits
I cannot say why I am leaving
I cannot leave until the morning

I want it all away
