

Gut Feeling

Per Gessle

It sounded pretty good
When i hit the floor
I finally understood
What i'd been dyin' for
All i ever wanted
Was a full-time nurse
Today i found a way
To slice my universe
Into pieces
Somebody call the police as
I'm countin' ufo's oh oh

I got a gut feeling about you
I tried to work it out without you
I got a gut feeling about you
A permanent blackout without you
I'm groovin' to the planet
Got a hot gut feeling about you

I feared i had to spend
A slow halloween
Now i bought a ticket
To a T. Rex dream
All i ever needed
Was to know a reverse
Today i found a way
To slice my universe
Into pieces
Somebody call the police as
This song's gettin' fit
For a king oh well

I got a gut feeling about you
I tried to work it out without you
I got a gut feeling about you
A permanent blackout without you
I'm movin' with the planet
Got a hot gut feeling about you

You lead me to this perfumed rose
A blindin' beacon when it shows
The moon is fooled i suppose
I'd freeze the sun to kiss your toes

Stop the recess
Somebody call the police as
I'm countin' ufo's oh oh
