

# Hey, I Died And Went to Heaven

Per Gessle

I thought it was dark  
I thought it was cold  
I thought it was over  
I thought i was sold  
Then in a dream  
Mysterious dream  
A miracle it seems  
Magical dream

I was leaving the ground  
Floating around  
Frightened next to never  
A choir nearby  
Trumpets and chimes  
Hey i died and went to heaven

I thought it was late  
I thought of the pain  
I thought i was stranded  
With just a mouthful of rain  
And then playing soft  
Like a radio at night  
You may me shine  
I was destined to shine

I was leaving the ground  
Spinning around  
Frightened next to never  
A kiss with no words  
Came into mind  
Yeah i died and went to heaven  
Hey i died and went to heaven  
To heaven  
Hey i died and went to heaven

I was leaving the ground  
Floating around  
Frightened next to never  
A bright summer night  
The grass was all dry  
Hey i died and went to heaven  
Hey i died and went to heaven  
Went to heaven  
Went to heaven, to heaven  
Went to heaven, to heaven
