

# I Have a Party in My Head (I Hope it Never Ends)

Per Gessle

I have a party in my head  
I hope it never ends  
The buzz and the sounds  
The straights and the bends

I have a party in my head  
It's been there before  
And if you wanna join'  
Please knock on the door  
Just knock on the door

I have a party in my head  
I hope it never dies  
No TV, no book can bewilder these eyes

I see a party in my head  
And I'm feelin' just fine  
If you wanna come by  
Hey, drop me a line  
Just drop me a line

I have a party in my head  
I hope it nevers ends  
The smoke and the glam  
Dear ladies and gents

I have a party in my head  
So beautiful, surreal  
And if you wanna come by  
It's no big deal  
It's no big deal
