

I Want You To Know

Per Gessle

Ever since I saw you
Entering my world
Life has really changed
To diamonds and pearls

I'm tryin' to take it slow
Just goin' with the flow

I want you to know
I want you to stay, don't go

Every day's the same
Like cracs on the wall (cracs on the wall)
But every time I meet you
All walls start to fall

But I'm tryin' to take things slow
Just goin' with the flow

I want you to know
I want you to stay, don't go
I want you to know
I 'm comin' your way, don't go

I want you to know
I want you to stay, don't go
I want you to know
I'm comin' your way, don't go

I want you to know
Yes, I want you to stay, don't go
I want you to know
I want you today, don't go

Stay, stay, stay
Stay, stay, stay
