

## I Will Wait

Pere Ubu

The sun never sets on this world I have found  
There's no reason  
No, no reason  
I will wait

Saw secret scenes in the cracks of the cities,  
secret scenes in the seams of the world  
I will wait

I believe in practicalities,  
practicalities are possibilities  
I will wait

And this occurs:  
Idle I
