Dark Parts

Perfume Genius

The hands of God were bigger than Grandpa's eyes But still he broke the elastic on your waist

But he'll never break you, baby But he'll never break you, baby

The hands of God were bigger than Grandpa's eyes But he's long gone

The love you feel is strong
The love you feel is stronger

I will take the dark part of your heart into my heart I will take the dark part of your heart into my heart
