

## Go Ahead

Perfume Genius

What'd you think?  
I don't remember asking you  
What'd you mean?  
Baby take a seat

Watch me  
Watch me walk on by  
Honestly  
Next one won't be free

Go ahead  
Go ahead and try  
Go ahead  
Go ahead and try

If you need  
To take a moment, take a moment  
If you need  
You can even say a little prayer for me  
Baby, I'm already walking in the light

Go ahead  
Go ahead and try  
Go ahead  
Go ahead and try  
Go ahead  
Go ahead and try  
Go ahead  
Go ahead and try
