

## Jetpacks Was Yes!

Periphery

These walls of time release  
My eyes move like the drift  
The cries, they resonate within  
The fabric tears before me  
Break ties between the kin

Reaching for a way out of this dream  
I waste my breath ascending  
Fears lead me astray  
The past brings them to be  
Whats left to carry me...

But a memory  
The dream endures these lies  
Forever at the edge, left surviving alone

Whats left as I wonder  
I've found a world where I am free  
Inside that which is truth

The ground upon which I have grown is not the same  
The fears, they've fallen away  
Presently I've found I am not alone in a world of infinity sewn

Perceive beyond the seam  
A soul evolves as one
