

## Dancing Boots

Perkele

You're all invited to the party tonight  
The one you never will regret  
The boots will dance to the sound of Oi!  
It will continue till the dawn

The boots will dance tonight to the sound of the street

We're all united at the party tonight  
The one we never will forget  
The boots will dance to the sound of the street  
It will continue till the dawn
