

# Hang 'Em High

Perkele

They're pointing at you behind your back, they're calling you names

But you always know what they do, the aggression that grows

When you're alone they try to attack, one day you explode

It's gone too far, you're full of hate, can't take it anymore

Chorus (4x):

hang 'em high ...

hang 'em high - hang 'em high!

Now it's time for their punishment, you'll get them one by one

So you can see the fear in their eyes, they're praying to be reprieved

Show no mercy, hang 'em high, remember what they've done

Get the cowards, get 'em all, it's their time to run

Chorus (4x)

hang 'em high, hang 'em high - Let the cowards hang high! (4x)

Chorus (repeat)
