

# Loser

Perkele

Do you think you're a hero when you are beating up your wife  
Beating up your kids and drinking every day  
Unemployed, feeling sorry for yourself  
Blaming everyone for your misery  
You are coming home late after fucking a whore  
Drunk as hell and insulting your wife  
The kids are scared because of your threats  
You don't see the tears in their eyes

(2x)

You're a loser, you're scum - You're a shame for the mankind

You're such a coward, I hate your kind  
I would feel so great while I'm punching your face  
You're a loser, face the fact  
You're not worth your kids and your wife  
Complaining everyday, everything is shit  
There's only one shit and the shit is you  
You stupid scum, it's time to change  
Or I will change your face to a misery

(2x)

You're a loser, you're scum - You're a shame for the mankind

(4x)

You're a loser, you're scum - You're a shame for the mankind
