

## The way I know

Perkele

My eyes are black, evil minds  
Full of rage, don't know where to go  
Full of pain, taste of blood  
Nothing to loose, welcome to hell

I'm walking the evil way  
Coz I don't know where else to go  
I'm walking the evil way  
The road to hell is the way I know

Broken ribs, spitting blood  
See no future, can't think anymore  
Where I am, I'm confused  
Now I know, I'm in hell
