

The way I know

Perkele

My eyes are black, evil minds
Full of rage, don't know where to go
Full of pain, taste of blood
Nothing to loose, welcome to hell

I'm walking the evil way
Coz I don't know where else to go
I'm walking the evil way
The road to hell is the way I know

Broken ribs, spitting blood
See no future, can't think anymore
Where I am, I'm confused
Now I know, I'm in hell
