

Waste Of Time

Perkele

I'm tired I don't want to hear your bullshit all the time
It stinks so much it makes me want to puke
I've heard it all and I don't need your rubbish in my ears
One word is one to much so full of shit

I've heard it I've seen it
Your stupid propaganda
It's a waste of time
I've heard it I've seen it
Your stupid propaganda
It's a waste of time

I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse

I've heard it I've seen it
Your stupid propaganda
It's a waste of time
I've heard it I've seen it
Your stupid propaganda
It's a waste of time

I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse

I'm fed up we won't need your stupid marches on our streets
I thought your dream was buried 45
Your nonsense, dead end politics is just a waste of time
It's time for you to wake up from your dream

I've heard it I've seen it
Your stupid propaganda
It's a waste of time
I've heard it I've seen it
Your stupid propaganda
It's a waste of time

I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
I've heard your prejudice
I've heard your lies - I've heard your lies
And you can stick it up your arse
