

Morning Song

Perry Blake

I'm free now, I'm free
Good morning, good morning
Blue sky, blue sky

I'm free now, good morning
Good morning blue sky
Blue sky, it's so blue

Pick up the papers, put on your clothes
Everything seems just like it used to be,
Used to be.

And all that wasted time
I just waited for a smile
All my wasted time
And all I needed was a smile

'Cause you're free
And you're alive
You're free and you're alive
You're free

Pick up the papers, put on your clothes
Everything seems just like it used to be,
Used to be.

Pick up the papers, put on your clothes
Everything seems just like it used to be,
Used to be
