

Deep In Your Heart

Perry Como

It takes a certain kind of somethin' special
Deep in your heart, that's where it starts, deep in your heart
It takes a certain kind of somethin' special
Deep in your heart, for love to come your way

It takes a lot of true consideration
Deep in your heart, that's where it starts, deep in your heart
It takes a lot of true consideration
Deep in your heart, for love to come your way

It takes a faith and trusting understanding
Deep in your heart, that's where it starts, deep in your heart
It takes a faith and trusting understanding
Deep in your heart, for love to come your way!
