

# Go All The Way (into The Twilight)

Perry Farrell

Everyday, everyday, everyday, everyday  
Everyday we're going all the way  
We're going all the way  
We're going all the way

Everyday, everyday, everyday  
We're going all the way  
Everyday, everyday, everyday  
We're going all the way  
Tonight, lightning strikes  
Let's go into twilight

First time I saw you  
(When we first met)  
I had the fever  
(As bad as it gets)

You let me see  
(Much in my eyes)  
It was so smooth  
Sparkle and shine and it shined

La, la, la, la, la, la, la, la, la  
La, la, la, la, la  
Tonight lightning strikes  
Let's go into twilight

You asked me out on many dates  
And took me to exotic places  
You saw the look upon your face  
You men must really love the chases

I'm going to let you have it  
Like you've never had before  
So take me, take me, take me

Tonight lightning strikes  
Let's go into twilight

You are away with me, no other way  
You are away with me, no other way  
You are away with me, no other way  
You are away with me, no other way

You are away with me, no other way  
You are away with me, no other way  
You are away with me, no other way

Everyday, everyday, everyday  
Everyday we're going all the way
