## To Me

**Perry Farrell** 

Let the grass cool off your feet Sip on old wine Bake fresh bread to eat Sing a song to me And I'll play one for you That comes To me Have you had a taste of honey? Too much honey hurts your belly When overcome with it Save some and give the rest To me Splash on the water Circle the altar (To me) Give to your son A quote for his daughter (To me) (To me) When overcome with it Save some and give the rest To me Have you had a taste of honey? Too much honey hurts your belly When overcome with it Save some and give the rest To me Splash on the water, circle the altar Give to your song A quote for his daughter (To me) (To me) "Bite, bite, bite, bite your tongue" (To me)"It all comes off with soap and water" (To me)"It's never too late to say ne ver" (To me) (To me)
