

# The Haunting Of Human's Denial

Persefone

I'm at your back  
Holding the weight of your blame  
Leading your life in silence  
Killing the light  
That soothes the pain in your conscience  
Your guilt lies inside of me!  
I am the wisdom, you, wise.  
Dark silhouette of you  
I'm your fears  
Your lies, your state of mind, decline!  
Where is your calm now at night?  
You thought you were prepared to fight against life.  
But you just throw your chained words with pain.  
The time that watches you, it's the one that makes you die!  
Signs of depression  
Your angel becomes fake  
Hidden eyes, drowning tears  
Time will fall on you  
Signs of repression  
I'll hurt you where ever you go  
Rotten course, I'm your damnation  
Lust! Your threats!  
Every night by the moonlight  
Your face appears to me as a prayer  
My sins lie all on you  
I wonder if there's a place for me  
When I'm watching you  
You become a mirror of pain.  
There should be a place for me  
And I wonder how can I get in?  
Till the end of time  
I'll follow your trace  
You will follow my guidance  
I am you, and you are me,  
Stuck into eternity until light collapses into night
