

My sweetest Pain

Persephone

Is this how true love should end?
Broken hearts won't mend
Two hearts, which beated as one
Tell me, what have I done

Am I to blame?
Eternal grief will remain

Another scar across my heart
Which reminds me of your name
And whispers softly
"You are my sweetest pain"

I won't regret one second with you
No doubt, my feelings were true
All games are played, no sense to stay
I run away, for redemption I pray

I see your face and hear your voice
It's in my head, my only choice
Stars from above, guide my way
No time to rest, nor time to stay

Who's to blame?
Trees are whispering your name

Another scar across my heart
Which reminds me of your name
And whispers softly
"You are my sweetest pain"

One single touch, the smell of your hair
One kiss, only memories there
My sheltered treasure they are
My only pleasure, like a single star
