

# Devouring Frenzy

## Pestilence

Insatiable lust to consume  
To fill the emptiness inside  
Desolated, like living in a tomb  
Detached from life inside

Self image - So distorted  
Blind - What is real?  
Devour - Emotions aborted  
Fading - Until nothing you feel

Devour

Vomiting the ugly truth out of you  
To detest one self makes the cycle complete  
Mutilated thoughts make true not true  
Reality returns again you must feed

Self image - So distorted  
Blind - What is real?  
Devour - Emotions aborted  
Fading - Until nothing you feel

Devour
