

# The Secrecies of Horror

Pestilence

Within the realms unseen  
The missing have returned  
Deformed beyond recognition  
Remains of bodies burned

When all is lost  
Swallowed by depths of darkness  
The gates to the kingdom of horrors  
You've passed, now dwell in madness

Flames of eternity  
Burn in immortality  
Skin melts so horribly  
Revealed surreality

Breathing blackened air  
Within the walls of gore  
Behold the view of disgust  
The secrecies of horror

Eyes of fear, torture is near  
Tearful cries, you hear

Discovering beyond death  
Secrets you will find  
The horror you'll meet  
Will capture your mind

Secrecies of horror  
Secrecies of horror
