

## Closer To Heaven

Pet Shop Boys

Never been closer to heaven  
Never been further away  
Never been closer to heaven  
Never been further away

Give me hope  
Give me all your love  
Tell me now  
You're coming home tonight  
Have some faith  
In the love we share  
Is it fate  
Does darkness end in light

Never been closer to heaven  
Never been further away  
Never been closer to heaven  
Never been further away

Where'd you go  
Did you lose your way  
Tell me now you're coming back to stay  
In my hopes  
Paradise is real  
Horoscopes  
Can't forecast how we'll feel

Never been closer to heaven  
Never been further away  
Never been closer to heaven  
Never been further away

Give me hope  
Give me hope

Never been closer to heaven  
Never been further away  
Never been closer to heaven  
Never been further away

Give me hope  
Give me hope
