

Ego Music

Pet Shop Boys

Ego music, it's all about me
Ego music, it's all about me
Me, me, me, me
Yes, yes, yes, yes
You, you, you, you
No, no, no, no
Ego music, it's all about me
Me, me, me, me
Yes, yes, yes, yes
You, you, you, you
No, no, no, no
Ego music, it's all about me

Ego music, it's all about
Sense of entitlement
Sense of entitlement
Ego music, it's all about
Sense of entitlement
Sense of entitlement

I see myself as a building
My mind is the office where the world gets done
There's a nightclub in the basement when I need some fun
And in the penthouse later, that's where the magic happens

Me, me, me, me
Yes, yes, yes, yes
You, you, you, you
No, no, no, no
Ego music, it's all about me

There's a real purity to my work
A childish innocence
But I'm also smart and sophisticated
I mean I grew up on the street
Sometimes I think I'm a simple folk singer
Other times a scary rich diva
What can I tell you, I'm an artist
And of course I've always had the humanitarian vision
I think everyone knows that
My commitment is to my career
And then giving something back

Ego music, it's all about
Vacuum slogans
And up your sentiments
Ego music, it's all about
Fake humility, sense of entitlement
Ego music, it's all about me
I am my own demographic
What does that say about me
Ego music, it's all about me

Me, me, me, me
Yes, yes, yes, yes
You, you, you, you
No, no, no, no

Ego music, it's all about me
Me, me, me, me
Yes, yes, yes, yes
You, you, you, you
No, no, no, no
Ego music, it's all about me

I think what fascinates people about me
And I'm really grateful to my fans
Is that I'm totally fearless
And people really get that
In this sea of negativity
I'm a statue of liberty
That's why people love me
It's humbling
