Pet Shop Boys

It's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know  
Cause it's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know

It's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know  
Cause it's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know

It's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know  
Cause it's a long way to happiness, a long way to go  
But I'm gonna get there, boy, the only way I know

It's a long way to happiness  
And when we get there, is anybody scared?

For happiness, for happiness, for happiness, for happiness  
For happiness, for happiness, for happiness, for happiness  
For happiness, for happiness, for happiness, for happiness  
For happiness, for happiness, for happiness, for happiness
