

# I Want A Lover

Pet Shop Boys

At this time of night, when the crowds have passed  
We're the last to leave, we need some company  
No need to look so shy, don't even wonder why  
You know the reason that we need this company  
I've been sitting here, looking out for you  
Someone just like me, who's maybe had a drink or two

I don't want another drink or fight  
I want a lover  
I don't care whether it's wrong or right  
I want a lover tonight  
Tonight

Outside the dawn is breaking, looks like it's started raining  
We'll catch a cab, and soon be driving home  
No need to look so shy, don't even wonder why  
You'll know the reason just as soon as we get home  
You've been sitting there, wondering what to do  
I've been standing here, waiting to make the first move  
Ahaha

I don't want another drink or fight  
I want a lover  
I don't care whether it's wrong or right  
I want a lover tonight (Tonight)  
I don't want another drink or fight  
I want a lover  
I don't care whether it's wrong or right  
I want a lover tonight  
Tonight

This anticipation is a stimulation  
No need for conversation as we're driving home  
Put your arms around me, it doesn't mean you love me  
Just that you want me and you need my company  
Driving through the night, it's so exciting  
Turning off the light without another thought tonight  
Ahaha

I don't want another drink or fight  
I want a lover  
I don't care whether it's wrong or right  
I want a lover tonight (I want a lover tonight)  
I don't want another drink or fight  
I want a lover  
I don't care whether it's wrong or right  
I want a lover tonight  
Tonight

(I want you, I want your love) - I want a lover  
(I want you, I want your love) - I want a lover  
(I want you, I want your love) - I want a lover (I want your love tonight)  
Ooh
