

Inside a Dream

Pet Shop Boys

Taking a ride inside a dream
Living a world I've never seen
Wishes come true that should have been
Looks familiar, feels obscene
Inside a dream

"The land of dreams is better far
Above the light of the morning star"

Driving along a song will play
something I only heard today
A new melody with such delay
The music will never fade away

"The land of dreams is better far
Above the light of the morning star"
