

Into Thin Air

Pet Shop Boys

Too much ugly talking
Too many bad politicians
We need some practical dreamers
Maybe few magicians
Shall we get away from here?
Where no one can find us
The north will blow us away
We'll leave this all behind us
We'll vanish, no one will know why

Into thin air
Into thin air
Into thin air
Into thin air

(No one will ever know
No one will ever know
No one will ever know
No one will ever know where)

We're different from the others,
No one understands us here
Imagine how free we will be
If we'd disappear
We won't even pack a case
Just cashing all that we own
Create a new identities,
and fly into the unknown
We'll vanish, no one will know why

Into thin air
Into thin air
Into thin air
Into thin air

We'll vanish, no one will know why

Into thin air
Into thin air
Into thin air
Into thin air

(No one will ever know
No one will ever know
No one will ever know
No one will ever know
No one will ever know
No one will ever know where)
