

Say It to Me

Pet Shop Boys

You might predict I'm onto simple this
You're an enigma even when you kiss
You won't tell me when or how
What do you want from me?
Just tell me now!

Say it to me,
Say it to me
Say it to me,
Say it to me

Tell me something,
Tell me what you want from me
I could give you all you need
Tell me something,
Tell me what you mean to me
I'll tell you how it feels for me
Tell me something

A deeper feeling and a distant smile
You're like a drug dream that lasts all night
A random territory to explore
Is there something that you're longing for?

Say it to me,
Say it to me
Say it to me,
Say it to me

Tell me something,
Tell me what you want from me
I could give you all you need
Tell me something,
Tell me what you mean to me
I'll tell you how it feels for me
Tell me something

(What do you want?
What do you need?)

Your distant smile won't tell me when or how
What do you want from me, just tell me now
Say it
Say it
Say it to me
Say it
Say it
Say it to me
Say it
Say it
Say it to me

Tell me something,
Tell me what you want from me
I could give you all you need
Tell me something,
Tell me what you mean to me

I'll tell you how it feels for me
