

# The Only One

Pet Shop Boys

I think of you and wonder who  
You are and what's your line  
I wonder if there's someone else  
Or if it's true that I'm the only one  
In your life

I only worry for your own sake  
I don't know much about the deals you make  
There's so much that you hide from me  
The mystery: Am I the only one  
The only one

(The only one, The only one, The only one)

I don't know you  
You don't know me  
I wonder what we share  
It's just that now  
And then you smile  
And suddenly I know you care  
And I'm the only one for a while  
Though you have many reasons  
To tell me a lie  
I can't help believing  
That I should be for you  
And you for me the only one

(The only one, The only one)

As enigmatic as you can be  
I'm not suspicious naturally  
There's so much that you hide from me  
The mystery: Am I the only one  
In your life

Though you have many reasons  
To tell me a lie  
I can't help believing  
That I should be for you  
And you for me the only one

(The only one, the only one)  
Wanna be the only one  
(The only one, the only one, the only one, the only one)  
wanna be, wanna be, wanna be, wanna be, wanna be,  
wanna be, wanna be the only one  
The only one
