

# I Don't Wanna Fight

Pete Francis

She lies there,  
Covers her mouth and says,  
I think I'm hiding,  
She goes down again,  
Says she's fine and cries,  
There's nothing that's left for me

I'm leaving, I'm leaving

I don't wanna fight with you no more,  
You can come and bang on my front door,  
I won't be there, I won't be there,

You're singing yeah,  
Ooohhh, yeah yeah yeah yeah yeah

She stands up a while,  
Turns the t.v. down,  
But there ain't nothing that, nothing that she can  
Find,  
Windows don't always open, when you're lying there in  
The dark

I'm leaving, I'm leaving

I don't wanna fight with you no more,  
You can come and bang on my front door,  
I won't be there, I won't be there,

You're singing yeah,  
Ooohhh, yeah yeah yeah yeah yeah

She lies there,  
Covers her mouth and says,  
I think I'm hiding,  
Windows don't always open, when you're lying there in  
The dark

I'm leaving, I'm leaving

I don't wanna fight with you no more,  
You can come and bang on my front door,  
I don't wanna fight with you no more,  
You can come and bang on my front door,  
I won't be there, I won't be there,

You're singing yeah,  
Ooohhh, yeah yeah yeah yeah yeah  
You're singing yeah,  
Ooohhh, yeah  
You're singing yeah,  
Ooohhh, yeah yeah yeah yeah yeah  
You're singing yeah,  
Ooohhh, yeah yeah yeah yeah yeah
