```
She lies there,
Covers her mouth and says,
I think I'm hiding,
She goes down again,
Says she's fine and cries,
There's nothing that's left for me
I'm leaving, I'm leaving
I don't wanna fight with you no more,
You can come and bang on my front door,
I won't be there, I won't be there,
You're singing yeah,
Ooohhh, yeah yeah yeah yeah
She stands up a while,
Turns the t.v. down,
But there ain't nothing that, nothing that she can
Find,
Windows don't always open, when you're lying there in
The dark
I'm leaving, I'm leaving
I don't wanna fight with you no more,
You can come and bang on my front door,
I won't be there, I won't be there,
You're singing yeah,
Ooohhh, yeah yeah yeah yeah
She lies there,
Covers her mouth and says,
I think I'm hiding,
Windows don't always open, when you're lying there in
The dark
I'm leaving, I'm leaving
I don't wanna fight with you no more,
You can come and bang on my front door,
I don't wanna fight with you no more,
You can come and bang on my front door,
I won't be there, I won't be there,
You're singing yeah,
Ooohhh, yeah yeah yeah yeah
You're singing yeah,
Ooohhh, yeah
You're singing yeah,
Ooohhh, yeah yeah yeah yeah
You're singing yeah,
```

Ooohhh, yeah yeah yeah yeah
