

Always A Winner

Pete Murray

Hey, see it my way
If we all had a dream
We could bust this place
And we could take it down
Like a run away train
I bet you'd make me smile
Like I'm going insane
So pick your style
And pick your place
And we can burn like the summer
With amazing grace
Gonna win now
Cause I know you are
You are my one true love
And you got me this far

Always a winner, yeah your always a winner for me
Always a winner, yeah your always a winner for me

With my best friend
I put my best foot forward
Gonna dry you out like a winter time wind
And I wont stop now no I keep coming
Better knock me down sober so I can't get up
This time will see the last time
Oh your always a winner
Don't you burn yourself out

Always a winner, yeah your always a winner for me
Always a winner, yeah your always a winner for me

Pick me up don't bring me down
Take me right now to the other side of town
That's where I wanna be, you and me alone
We've gotta build it right up so we can make it our home
Beauty man, there ain't no beauty man seen
I'm gonna break it right now
Your a winner to me

Always a winner, yeah your always a winner for me
Always a winner, yeah your always a winner for me
Always a winner, yeah your always a winner for me
Always a winner, yeah your always a winner for me
