Feeler

Pete Murray

You got inside my head today, I felt you Said my imagination's tryin' to hold you Responsible for all my ways I told you Take me into happy days I know, know, know

That you, and I, will be, always, Onside, in these imaginary fields of love

You got inside my head today, I felt you Said my imagination's tryin' to hold you Responsible for all my ways I told you Take me into happy days, I know, know, know

That you, and I, will be, always, Onside, in these, imaginary fields of love, you get to me.

You and I, will be, always, Onside, in these, imaginary fields

You and I, will be, always, Onside, in these, imaginary fields
