

# George's Helper

Pete Murray

People, this is what I say tonight  
Master, I feel I am much too bright

You all just sit here smiling  
And I cannot control myself  
When I know I'm right  
Oh and I can help you tonight

Here it comes, fallin' down on your face  
Sometimes I just feel you're out of place

Hey George, I think I can help you now  
Remember you brought this upon yourself

You all just sit here smiling  
And I cannot control myself  
When I know I'm right  
Oh and I can help you tonight

Here it comes, fallin' down on your face  
Sometimes I just feel you're out of place  
You always end up with egg on your face

You all just sit here smilin'  
Hey you all just sit here smilin'  
Hey you all just sit here smilin'  
Hey you all just sit here smilin'

Hey George, I think I can help you now
