

George's Helper

Pete Murray

People, this is what I say tonight
Master, I feel I am much too bright

You all just sit here smiling
And I cannot control myself
When I know I'm right
Oh and I can help you tonight

Here it comes, fallin' down on your face
Sometimes I just feel you're out of place

Hey George, I think I can help you now
Remember you brought this upon yourself

You all just sit here smiling
And I cannot control myself
When I know I'm right
Oh and I can help you tonight

Here it comes, fallin' down on your face
Sometimes I just feel you're out of place
You always end up with egg on your face

You all just sit here smilin'
Hey you all just sit here smilin'
Hey you all just sit here smilin'
Hey you all just sit here smilin'

Hey George, I think I can help you now
