

Lost Soul

Pete Murray

Sometimes I watch my life
And it slowly goes from black then into white
I know if you watch the time
Leaves you standing for a moment in life

I know I've been through black and white
I know I'll put up a fierce fight
I know I lost my soul
I know that I lost my soul

So I wait to seize the day
With a clouded mind
And a hell of a load to pay
I find that if you know your way
You'll get out of this mess

I know I've been through black and white
I know I'll put up a fierce fight
I know I lost my soul
I know that I lost my soul

I know there comes a time
To believe in yourself
And grow in confidence
Stop hiding behind the door
Like everyone else
Just get out and do your best

I know I've been through black and white
I know I'll put up a fierce fight
I know I lost my soul
I know that I lost my soul

I know that I'll find my soul
