

# I Generate A Feeling

Pete Shelley

When I close my eyes I have a world inside of me  
Peopled by my thoughts of you and how things ought to be  
Here I spend my time and do the things I want to do  
Helps to pass the day and it keeps me happy too  
I, I, I generate a feeling  
In my psychic scenery there's a special place I go  
Here I am recharged with energy from down below  
Nothing is between all we feel is just inside  
Generate that feeling and the world will come alive  
I, I, I generate a feeling  
Listening to the rhythm that I hear within my brain  
Everything is different my perceptions aren't the same  
When I can't believe the wonder that surrounds me  
I just reach deep inside and switch on my euphoria  
I, I, I generate a feeling  
I, I, I generate a feeling
