There's A Heartache Following Me

Pete Townshend

Sometimes they ask me if I'm really happy now. I say sure, I never loved her anyhow. But inside I long for you and the way it used to be, I look around, and there's a heartache following me.

I always say that I'm really glad you're gone.

I even act like I never cared at all.

But your memory lingers on and I'm never really free,

I look around and there's a heartache following me.

I pawned my ring and every thing that tied me to the past. I say I never loved you, never meant for it to last. But I know it's just a game, and the losers always me I look around, and there's a heartache following me.

Sometimes they ask me if I'm really happy now.

I say sure, I never loved her anyhow.

But inside I long for you and the way it used to be,

I look around, and there's a heartache following me.

I look around, and there's a heartache following me.
