

# Don't Wanna Cry

Pete Yorn

Don't wanna cry for you. There's nothing left to lose.  
If it can make me feel better, than I'm gonna cry, cry for you.  
Don't wanna cry for you. There's nothing left to do.  
If it can make me feel better, than I'm gonna cry, cry for you.

I know men aren't supposed to act this way, but things they got too real; I couldn't stay.  
Now I know one day we will both feel good. If I could be with you, you know I would.

I don't wanna cry for you. There's nothing left to do.  
If it can make me feel better, than I'm gonna cry, cry for you.  
I don't wanna cry for you. There's nothing left to lose.  
If it can make me feel better, than I'm gonna cry, cry for you.

Turn the lights down low and close the door, and try to feel the way I felt before. Hell, cry in the middle of the day, It better make me feel a better way, if it could take my pain away.  
Yeah Oh  
Take my pain away

I don't wanna cry for you. There's nothing left to lose.  
You gotta let the boy have his way. Cause it gets him to drink it away.  
I don't wanna cry for you. There's nothing left to do.  
If it can make me feel better, than I'm gonna cry, cry for you.  
If it can make me feel better, than I'm gonna cry, cry for you.

Oooh, (make me feel better) cry for you  
Oooh, (make me feel better) cry for you  
I'm gonna cry, cry for you  
I'm gonna cry, cry for you
