Just Another

Pete Yorn

You and I, we're two of a kind, I hate to say it but you'll never relate, what makes you tick? It makes me smile. You said that I should get away from it all, and bury my head in the sand if I want to, I think you ... should thank me now. You were lying wide awake in the garden, trying to get over your stardom, and I could never see you depart us and you're my baby, you're just another girl. I never mind the way I had to see ya, my working on a day show never explains why I see you and I feel your pain. I love to wear my work inside of my head, I can't complain but you should never react the way you did, I feel your time. You were lying wide awake in the garden, trying to get over your stardom, and I could never see you depart us and you're my baby ... And you were lying wide awake in the garden, trying to get over your stardom, and I could never see you depart us and you're my baby, you're just another girl, just another girl
