

## Same Thing

Pete Yorn

Shame, pass the ticket along  
Are you outside or inside?  
You are in.  
So what you want to know?  
That everybody wants you?  
You're old enough to say  
What's really on your mind  
Shame, has to take it alone  
Are we not for between us  
We are here  
So what you gonna do  
When everybody loves you?  
You're old enough to know  
What's really on their minds  
They wanted the same thing  
In love with the same thing  
They wanted it all  
So what you gonna do  
When everybody hates you?  
You're old enough to have known  
What was really on their minds  
They wanted the same thing  
In love with the same thing  
In love with the same thing  
They wanted the same thing  
In love with the same thing  
Wanted the same thing  
They wanted it all
