## **No Invitation**

## Peter and the Test Tube Babies

Heard there's a party in the town, so I've got me beer and Merr ydown.

Got me bottles and me cans, gotta get in if I can.

```
No invitation, but it don't stop me,
No invitation, gatecrash yer party,
No invitation, but it don't stop me.
```

Though I don't know noone here, i'll still take yer food and drugs and beer. And as I don't live here I don't care, if I start to throwup everywhere.

Gonna screw a bird in yer bog, gonna be sick as a dog. Gonna crash out in yer bed 'cos I'm gonna be pissed outta me he ad.
