

Porno Queen

Peter and the Test Tube Babies

I used to think that you were real clean, until I saw you in a magazine.

I always used to think that you were quite nice, but now I see that sex is your vice.

Penthouse, Mayfair, they're your scene, Porno, Porno, Porno queen.

Your new life is so obscene, Porno, Porno, Porno Queen.

Turn the pages, see your face, only dressed in see-through lace.

You were the girl who belonged to me, but now you're there for all to see.
