

Toy Boy

Peter and the Test Tube Babies

Toy boy, toy boy ..

Everybody's talking, when they see me walking, with this little boy of mine.

He's my play thing and I love him, I dress him up looking fine. He ain't got no money, people think he's funny, he gives me everything I need.

He's my playboy and my love toy, and I want everyone to know

Toy boy, toy boy, out with my toy boy, toy boy.

And when I get to take him home I know he's gonna' love me right.

When I want a lover, I don't need any other, I got him come running to me.

He's my gigolo and my Romeo and I want everyone to know

Toy boy, toy boy, out with my toy boy, toy boy.

And when I get to take him home I know he's gonna' love me right.

On Monday, Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday night.
