

All I Ever Wanted

Peter Andre

You're all I ever wanted baby mmmm
I wanna know I wanna know
You're all that I ever need, every thing and my fantasy
Give me your love baby

When I'm down
I always call you when I'm down
Having you near keeps me sane
It's your smile keeping me warm night and day
So worthwhile, you know what I'm trying to say

Every night I get down on my knees and pray
That you'll always have me feeling this way

You're all I ever wanted
Baby you're all you are my fantasy
You're all I ever need and more
That's why I adore my cherie amore

When we talk I know that you are a friend
When we touch
There is no need to pretend
It's so unique, I've never known something like this
No need to speak so much is said in one kiss
Every night I get down on my knees and pray
That you'll always have me feeling this way

You're all I ever wanted
Baby you're all you are my fantasy
You're all I ever need and more
That's why I adore my cherie amore

If you leave me it would tear me apart
I trust you'll always take good care of my heart
Though people say I'm crazy
I'm not living in a lovers dream
Are you out there baby
I know you know
I know it shows
