

Lullaby

Peter Andre

I watch as you asleep, far away in your wonderland
I pray for the world to be good to your little hint
And I will care for you, always be fair for you
Always remember you fill my heart
This I swear
Lullaby

So what do you dream, do you know you're all that I am
If I'm cool to be kind, sometimes hope you'll understand
And I will dance with you, hold up my hands to you
When you feel empty, I'll fill your heart
This I swear
Lullaby
Lullaby
Lullaby

You're my beautiful, my little miracle
Call and I'll answer, take all that I have
This I swear
I will care for you, always be fair for you
Always remember you fill my heart
This I swear
Lullaby
