

# You Got Me Thinking

Peter Andre

uh yeahhhhhhhh listen

Tell me what's been going on with ya  
Is there someone else in the picture?  
You got me thinking maybe  
I'm gonna lose my baby

Oh I remember  
It was a night like this  
When I first held ya baby let me reminisce yeah  
Oh I remember  
When you caught my eye  
I felt that kinda love that could not be denied no

But lately everything has changed  
So why you acting up so strange

Tell me what's been going on with ya  
Is there someone else in the picture?  
You got me thinking maybe  
I'm gonna lose my baby  
Didn't you say you'd love me forever  
So what's caused the change in the weather?  
You got me thinking maybe  
I'm gonna lose my baby

uh ooh ohh uh ooh uh ohhh

There's nothing broken  
That we cant fix  
So let us try to mend what's wrong with this relationship  
Let me tell you lady  
Cause you need to know  
I'm not that kinda guy who let you up and go no

But something's changed it's plain to see yeah  
You used to be so close to me now

Tell me what's been going on with ya  
Is there someone else in the picture?  
You got me thinking maybe  
I'm gonna lose my baby  
Didn't you say you'd love me forever  
So what's caused the change in the weather?  
You got me thinking maybe  
I'm gonna lose my baby

That girl, you wanna watch out  
She got ya for a fool when you think you were her lover  
Got ya saying words that you never woulda oughta  
Like that woman I tell you there's no other
